When it helps with learning we try to take advantage of technology. Our school has a subscription to BrainPOP, an educational website that delivers reliable content on a range of real-world topics. As part of that subscription your family has access to BrainPOP too! Each month BrainPOP shares ideas and activities for using BrainPOP at home around a timely topic. This month is Computer Programming. Sign up at <http://gobrainpop.com/home> to receive tips for watching the Computer Programming movie together, and activities to extend understanding of computer programming concepts. If your child wants to log in at home, and does not remember their login credentials, you can email his/her teacher. This could be great April vacation learning!

## HOT TOPIC: GARDEN

Have you ever seen the billboard near the gym bathrooms, showing off awards our school garden program has received? Has your child ever helped haul compost, pull weeds, or harvest carrots behind the school? What did you think of the delicious Harvest Supper back in October, prepared and served by our students? Our school garden program (formerly known as the Food Freaks) is at a crossroads. Our dedicated garden coordinator, Ms. Adelaida Gaviria, has moved on to other projects and commitments. We were so very lucky to have her! Now is the time for others to step up.

The research on the many benefits of a school garden program is well known, and summarized [here](#). In my recent conversation with Kathy Savoie, the first coordinator of the Food Freaks back in 2002, she pointed out that we have been gardening at the Bowdoinham school since before school garden programs were a thing! If we still envision it as an important part of our school, we need your help.

My goal is to create a Garden Coordinator position that will oversee both the garden maintenance and the educational component of the program. I am planning to apply for a grant to help support a monetary stipend for the coordinator. And if we can't find one person to do all the coordination, we can find a small number of folks to share the leadership work.

Please consider if you or someone you know has the time, energy, and expertise to help lead our garden program into the future. Things will need to get in the ground shortly, so time is growing short! Send interested folks my way – maybe it's you! – to get more information. Let's do everything we can to keep this authentic place-based learning going for our kids.

Yours in meaningful learning that lasts,

Mr. Lajoie ☺

**Top Teen Illusionist Comes to Orion Performing Arts Center in Topsham!** Ben Zabin, one of America's top teen magicians, is coming to Topsham for a one-night magic show at Orion Performing Arts Center, Friday, March 30, at 7 pm. The award-winning show, which has been seen by audiences world-wide, is a unique fusion of Las Vegas-style illusions, mind-reading, and sleight-of-hand, all woven together by Ben's perfect comedic timing. Due to his perfect blend of youth, maturity, humor, and pop culture awareness, Ben easily relates to audiences across the board, making this a show truly for all ages. There are no lame card tricks, no rabbits out of hats... just fresh, interactive magic that will keep audiences on the edge of their seats in amazement, while holding their stomachs from laughing so hard. Tickets are now on sale at \$15 for adults and \$10 for students, and can be purchased in advance at MSAD No.75 Business Office, [50 Republic Ave, Topsham](http://50 Republic Ave, Topsham); or with credit card through Brown Paper Tickets online at [www.orionperformingartscenter.org](http://www.orionperformingartscenter.org). Tickets will also be available at the door. The show is a fund-raiser for capital needs at the Orion, currently seeking to have an installed projector and to begin an upgrade to LED theatrical lighting. Ben Zabin, who has been entertaining audiences for 14 years (which is cool considering he's only 19), has brought his show to theaters, resorts, conventions, and VIP events internationally. He was the youngest magician to appear in a running magic show in Las Vegas, had a one-man off-Broadway show, and is the recipient of over a dozen prestigious awards and honors. This is the not-to-be-missed show of the season. To learn more about Ben, visit [www.BenZabin.com](http://www.BenZabin.com), and keep up with him on Facebook and Twitter: @BenZabinMagic.

**Perry's Garden-** Bowdoinham's NEW community garden! We are still taking applications for the 2018 season!
